Projects

MPSTME OnTrack (under GDSC 2023 - 2024)

Developed and launched a cross-platform Flutter application, available on the App Store and Play Store, to provide interactive floorplans and navigation for the college campus.

Team Vision - Audio Library (2023 - 2024)

In collaboration with JPMorgan Chase & Co and Team Vision, developed an audio library app for the visually challenged, now available on the Play Store. The platform enables volunteers to contribute to a free, accessible library of audio resources.

N8N Agentic AI GDG - Hackathon (2025)

Coded an agentic AI system to interpret user prompts and automatically generate n8n workflows via LLM integration. Achieved a top-15 ranking in an 18-hour hackathon hosted by GDG Mumbai.

Internships

JIO Health (May 2024 – July 2024)

During my second-year internship, I gained proficiency in the React framework, vanilla JS, and ES6. I was then tasked with creating a full-stack project. This experience taught me how to collaborate effectively in a professional work environment.

JPMorgan Chase & Co (August 2023 – July 2024)

Worked with the developer team at JPMorgan Chase & Co, gaining experience in basic app handling and feature development. I handled maintenance and Play Store management for the app.
